

PowerUp Implementation

Lexia® PowerUp Literacy® provides a personalized literacy learning experience for struggling readers in Grades 6 through 12. The goal is for students to work in the student program for 85-145 minutes each week and to complete Lexia Lessons® and Lexia Skill Builders® as recommended. Planning for the implementation of each component is key to student success.

Where can I use PowerUp with my students?	When can I use PowerUp with my students?	Who will provide support to students?
<ul style="list-style-type: none">• Classroom: Virtual or Hybrid Instructional Delivery• Computer Lab Period/Class• Intervention Block/Special Education• Before/After School• Homework• Remote Learning	<ul style="list-style-type: none">• During ELA Classes• During Remedial or Resource Classes• During Elective Classes• Before School• After School• At Home• Remote Learning	<ul style="list-style-type: none">• ELA Teachers• EL Teachers• Resource Room Teachers• Reading Teachers• SPED Teachers• Specialists• Elective Teachers• Paraprofessional Teachers

The 5-minute check-in helps identify the students who need more time in the student program, Lexia Lessons, or Lexia Skill Builders.

- Who needs more time online?
- Who needs help?
- Who is ready to apply what they've learned?
- What are my next steps?

PowerUp Implementation

The following template can be completed to plan your own implementation of PowerUp:

Implementation of PowerUp Components					Targeted Students:
