

Small Group Planning Worksheet

Create Groups

Independently or collaboratively analyze myLexia data to determine instructional priorities.

Use this chart to record student groups and identify Lexia resources to support learning.

Need more support determining instructional priorities?

- ❖ [5-Minute Check-In](#)

Grade, class, or group: <input type="text"/>			
Instructional Priority	Student(s)	Lexia Resource(s)	Instructional Purpose
<i>Could be determined by students' current program level(s), recommended Lexia Lessons®, Lexia Skill Builders®, etc.</i>	<i>Choose to address instructional priorities one-on-one, in small groups, or whole-class.</i>	<i>Select Lexia Lessons®, Lexia Skill Builders®, and/or instructional resources from the PowerUp Resources Hub.</i>	<i>Use Lexia instructional resources for pre-teaching, targeted support, practice and application, or enrichment.</i>

After creating your groups, take a moment to review and reflect.

- How do you envision using these groups to differentiate instruction?
- Do you foresee any obstacles to executing these student groups?
 - What planning or support might help you overcome them?
