

Dear Parent/Guardian,

This year, your learner will be using Lexia® English Language Development™, a computer-based adaptive blended learning program designed to support emergent bilinguals in grades K–6. The activities in Lexia English support students' English language development through academic conversations and leverage content in Math, Science, Social Studies, Biographies and General Knowledge. They are designed to help emergent bilingual and multilingual students build English language proficiency in three key areas: **speaking, listening, and grammar**.

Here's how Lexia English works:

- Your learner begins at a starting point that fits their needs and works in online activities throughout the week.
- Online activities include direct instruction, repetition and feedback as your learner acquires new skills.
- Progress and performance in the program is reported, allowing teachers to provide help when needed.
- Face-to-face lessons in speaking and listening are also used to reinforce and practice the skills learned in the online program.
- Achievement certificates may be sent home to celebrate success and to show your learner's progress in the program.

We hope you share in our excitement about this program!

Sincerely,

Lexia English can be used at home for extra practice. Getting started is easy!

1. To use on a computer, go to <https://english.lexialearning.com>.
2. To use on an iPad, download the free **Lexia English** app from the App Store.
3. The first time your learner uses Lexia English, you may need to enter the teacher email shown below. Your learner can then log in with the username and password used at school and listed below.

Teacher Email (for set up)	
Username	
Password	

For additional information about supported devices or technical requirements, visit Lexia's [Support for Families](#) page or the [Lexia Help Center](#). Technical questions can also be directed to the [Lexia Support Team](#).

Please note that Lexia Customer Support is not able to provide student usernames or passwords, or teacher emails.

Accessing Lexia® English From Home

It is important that your learner work without any help while using Lexia English. All of the work your learner does at home is recorded and reported to the teacher. This way, teachers can see when help is needed and provide targeted instruction and support.

If you have a question about your learner's username or password, please contact your learner's teacher.

Laptop/Notebook/Computer

1. Open a browser window
(Only *Chrome* is a supported browser):
2. Go to <https://english.lexialearning.com>
3. If prompted, type in the teacher email to set up the device.

4. Enter the student's **username** and **password**.

5. Click the **Log In** button.

iPad (iPad 4 or higher)

1. Search for **Lexia English** in the App Store.
2. Tap the **Download/Install** button to download Lexia English onto the device.
3. Once installed, tap the app on your device.
4. If prompted, type in the teacher email to set up the device.

5. Enter the student's **username** and **password**.

6. Click the **Log In** button.

Upon entering the program, students will be asked to calibrate their microphone by clicking the microphone and counting. Once successfully done, students will move to their Home screen.
